

Check-In & Studio

Class 10 · Wednesday, September 30, 2026

Tonight

- Small group check-in on your digitizing
- Logo sign-offs as I come around
- Open studio

Small Groups

- Groups of 3 or 4
- Show where you are with digitizing, both directions
- Quick feedback, then back to work

Ready for Sign-Off?

Check your logo against this list before you show me.

- Holds up at half an inch
- Works in black only, and reversed
- Clean construction: few anchor points, no Image Trace
- Type kerned by eye, not left at the default
- Compared against your sketch: it kept what made the sketch good
- Pushed through several rounds, not your first digital version

Open Studio

- Not signed off yet? Keep refining
- Signed off? Start that direction's style-scape
- Keep your research open: you'll need it

Coming Up

- Sun Oct 4: last day to email me for sign-off (jkurtz@uakron.edu)
- Mon Oct 5 and Wed Oct 7: style-scapes, lockups, color and type
- Wed Oct 14: System Definition due

Questions?

Then let's get to work.
