

BRAND BUILD OUT

CORP. ID

PROFFESOR BRYTTIN MURDOCK

MARC SMITH | CORP ID | FALL 2023

LOGO COMPARISONS

AMD (MANUFACTURING)

The AMD logo consists of an upward facing arrow with a cut out in the shape of a CPU Processor. The simplicity logo combined with the thick and rigid word-mark work well together to convey the values of the company and the quality of their materials. The square cut out gives the eye an easy point to focus on while also making a subtle nod to what the company is most known for.

STATE (PROFESSIONAL)

STATE is a design agency that specializes in VFX and animation. I love this logo because of how simple it is and how it carries the thinking of the brand. The brand prides itself on taking the normal/everyday thing and making it unique and different. The off centered and slanted flag stripes do just that, which help keep the logo balanced but also visually interesting.

FX (SERVICE)

The FX logo is a perfect logo due to how simple it is, and in turn how much you can play with it in different mediums. The strong/bold feel of it plays well into the often serious and often different shows that air on the network. The logo also catches my eye due to how balanced it feels allowing it to be placed in a variety of situations.

ASUS ROG (RETAIL)

The ROG logo is great for recognizability and caters to the intended audience. The sharp curves and angles cater to the look and feel of their tech products. The logo uses the letters of the branch to form a mask, which suits the themes of the company. While the logo could be refined to make the mask easier to recognize, I feel that the ambiguity only helps the logo in keeping the companies identity.

GOOD LOGO DESIGN

A.A.M (NON-PROFIT)

This logo has always caught my eye for how abstract, but yet, recognizable it is. The simple shapes take your eyes throughout the logo where you end at the word-mark. The logo pays homage to the building and its purpose in a simple and creative way.

XELLIA (MANUFACTURING)

Uses a gradient in the logo which complicates the design for use in varied applications. The logo could be simpler and display the business in a more concise way, as of now it feels like dystopia tech company. And the off-center design seems off along with there being no central word-mark/logo for the company.

F.F.D(PROFESSIONAL)

This logo is very basic with it's themes and execution. The logo feels very disconnected with too many separate parts, along with the overall concept feeling more like a realtor/ housing company instead of a dentist office. While the connection to the falls is made, it could be executed in a more creative way that doesn't disrupt the reading of the name.

ANGEL FALLS (SERVICE)

The biggest problem with this branding is there is no main logo. The company seems to have three different logo/word-marks and all of them vary in tone and quality. The antique nature of this particular logo doesn't match with the theme of the establishment and is also not able to scale to small sizes due to the amount of detail in the logo.

SQUARE RECORDS (RETAIL)

While this logo is decent I feel that it could push the idea and identity of the store further. The two piece logo makes it difficult to use in icons/social media spaces and the scratches in the logo begin to make things difficult to read at small scale. I feel the name and nature of the store could be used in a more unique way then a silhouette of a vinyl player.

BAD LOGO DESIGN

I.I.A (NON-PROFIT)

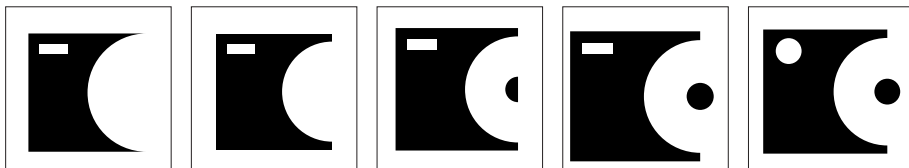

This logo is very disjointed and too abstract for the general audience to recognize it from a distance. While the company is very diverse and deals with a variety of cultures the logo lacks any sense of that by feeling more uniform and corporate. In that same vain, the logo lacks and life or creativity, from the typeface to the overall layout of the design.

SQUARE RECORDS | XELLIA | ANGEL FALLS

**REBECCA
FRAZIER**
OWNER

**SQUARE
RECORDS**

DEAR, MICHAEL

SQUARE RECORDS is a music business that specializes in selling vinyl records of various genres and artists. We are interested in purchasing some records from you, as we have heard great things about your quality and selection.

We hope that you share our passion for vinyl, and that you can offer us a competitive and fair deal. We are eager to hear from you soon, and to start spinning some tunes from your collection.

We would like to know how many records you have in stock, and what are the prices and shipping costs. We are looking for a reliable and long-term partnership with you, as we believe that vinyl records are not just a nostalgic trend, but a timeless way of enjoying music.

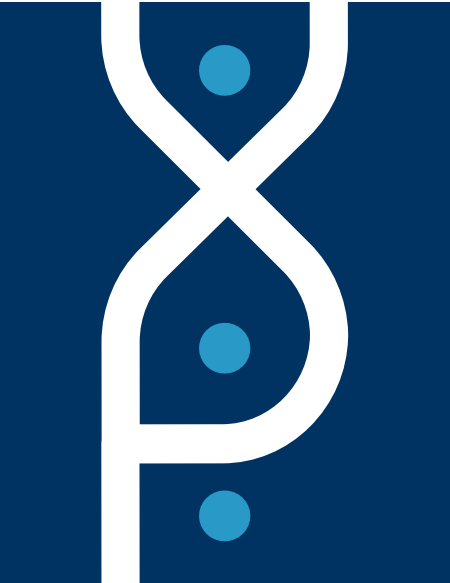

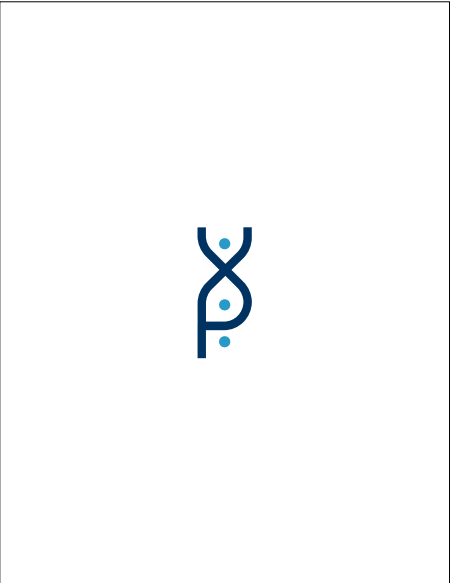

BEST,

REBECCA FRAZIER

Dear ABC Pharmaceuticals,

I am writing to you on behalf of Xellia Pharmaceuticals, we are interested in learning more about your latest breakthrough in a new medicine. I have read your press release and I am impressed by the results of your clinical trials. We are reaching out because we want to help you not only create this medicine in mass, but to also help try to make it as responsibly and environmentally safe as possible.

We would like to request more information about the mechanism of action, the safety profile, and the availability of your new medicine. We are especially curious about how it compares to the existing treatments in the market. We believe that your new medicine has the potential to improve the lives of many patients who suffer from chronic conditions and would like to partner with you to become a major manufacturer. I appreciate your time and attention to this matter.

If you would like to continue with a partnership or would like to talk more either in person or over call, please let me know. You can contact me by phone or email if you prefer. I look forward to hearing from you soon.

AZO SANS

SQUARE RECORDS is a music business that specializes in selling vinyl records of various genres and artists. We are interested in purchasing some records from you, as we have heard great things about your quality and selection.

We would like to know how many records you have in stock, and what are the prices and shipping costs. We are looking for a reliable and long-term partnership with

you, as we believe that vinyl records are not just a nostalgic trend, but a timeless way of enjoying music.

We hope that you share our passion for vinyl, and that you can offer us a competitive and fair deal. We are eager to hear from you soon, and to start spinning some tunes from your collection.

LOGO & WORDMARK SIZE & CLEAR SPACE

In order for the logo & wordmark to maintain visible at all times the proper amount of clear space must be allowed. This clear space must be present in all applications, if any exceptions are to be made they must be company approved before implementation.

The logo & wordmark are interchangeable, however when going smaller than 1.5" the wordmark must be used instead of the logo. No matter what size the clear space and elements of the logo & wordmark must be proportional at all times.

Clear Space

Logo. Proportional to the Q in the Square Records

Wordmark. Proportional to the Q in Square Records

Size

Logo. Can not be smaller than 1" or 127px

Wordmark. Can not be smaller than 0.3" or 86px

CORRECT LOGO & WORDMARK USAGE

To maintain a consistent brand image only these logo colorways are to be used in any application. They should be used according to background color and must always be proportional. If any exception is needed then it must be in line with the existing brand aesthetic and be approved by the company before being used in any application.

INCORRECT LOGO & WORDMARK USAGE

To maintain a consistent brand image these applications of the logo are not allowed under any circumstances. There will be no exceptions to these changes.

You may not

- Use a specific colorway on the wrong background
- Use colors that are not in the companies palette
- Remove, or add to, any aspect of the logo
- Squash or pinch the logo in any way shape or form
- Change the proportions of the logo
- Use blue as a main color

CORRECT GRAPHIC ELEMENTS

The Square Records logo was made to have many graphic elements that can be used as “secondary logos” in branding, advertising and merchandising. These graphics do no replace the logo and wordmark, rather they can be used as design elements in a any application. When using these elements in any advertisement or stationary item they must be accompanied by either the logo or wordmark in a visible area. When used for merchandising these can be used by themselves as the main graphic, however they must be accompanied by the logo

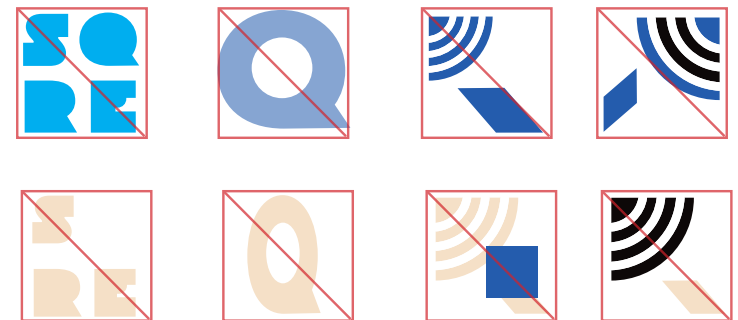

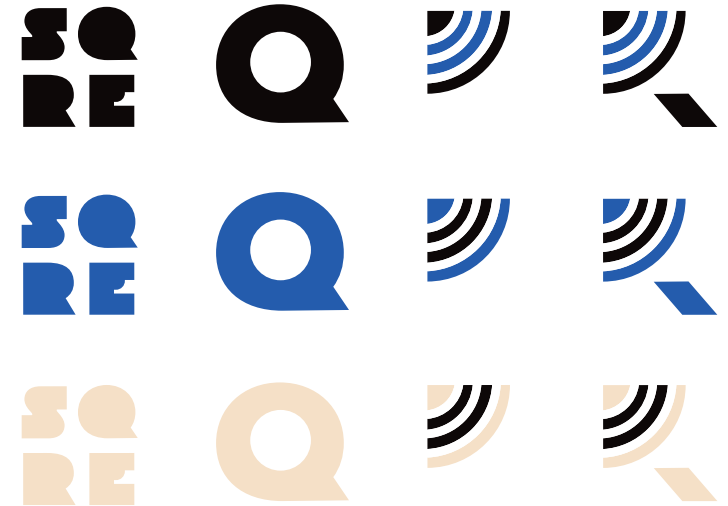

or wordmark either in packaging or tag. These elements can be added on to if the main element remains proportional in line with the brand of Square Records. The only exception to this rule are shopping bags & poster designs. Any other exceptions must be approved by the company before application.

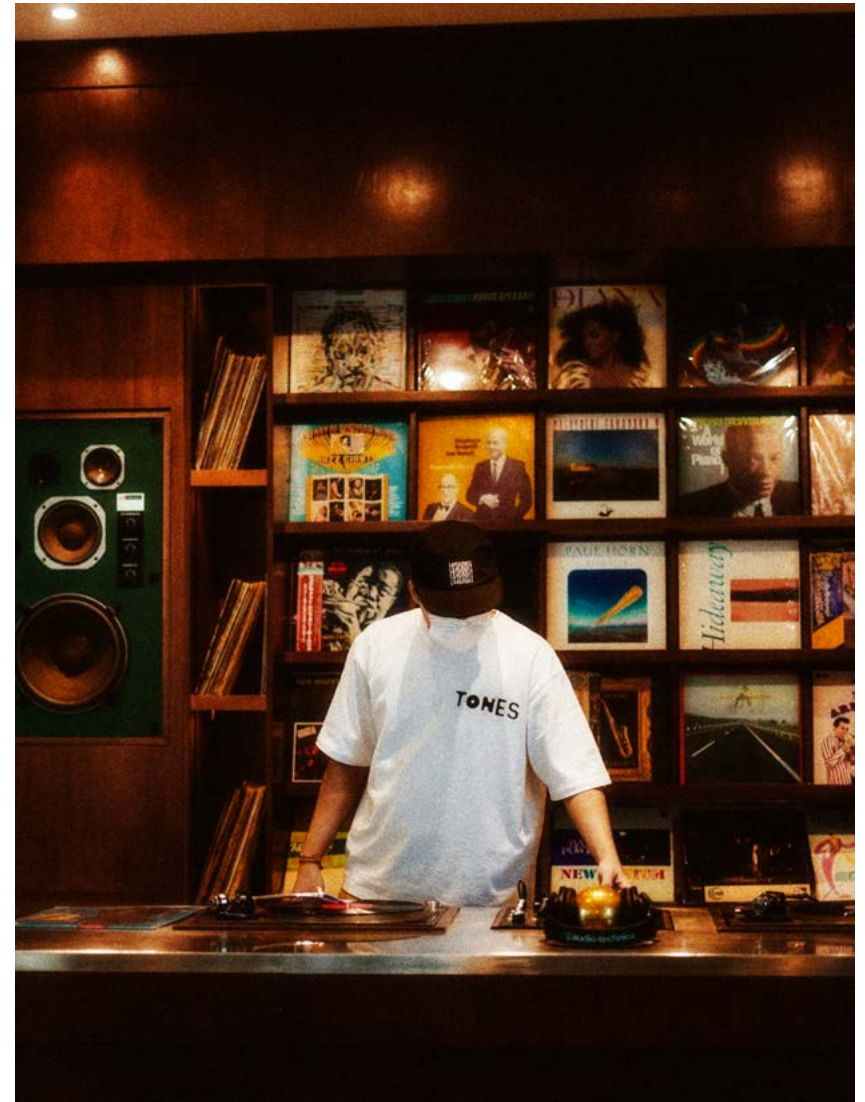

INCORRECT GRAPHIC ELEMENTS

The Square Records logo was made to have many graphic elements that can be used as “secondary logos” in branding, advertising and merchandising. These graphics do no replace the logo and wordmark, rather they can be used as design elements in a any application. When using these elements you can not do the following.

You can not

- Use a color not in the Square Records Palette
- Use a different tint. Shade. Or value of the Square Records Colors
- Remove or add, anything from or to the graphic element.
- Squash or pinch the graphic element
- Change the proportions for the graphic elements
- Combine color schemes
- Rotate or reflect the graphic elements

PHOTOGRAPHY & VIDEOGRAPHY

THEME & FEEL

Square records aims to be a vintage record store that evokes a sense of nostalgia and comfort. When using photography it must be vintage or liminal in nature leaning towards a softer look in color and tone. The photography or renders must be simple but impactful.

The videography must also maintain a vintage feel, this may come in the style and

form of VHS Tapes, CRT TVs or old analog screens. The videography must always be full of either energy or mystique and similar the photography must be simple but powerful. Preferably all videography will be shot practically to help maintain the feeling of a vintage and liminal space.
